

Heritage Lottery Fund and Selby District AVS

Are you interested in heritage? Do you want to find out how your group could get funding to run a heritage project?

Heritage is broader than you think including people's memories, community history, archaeology, natural heritage such as habitats and species, historic buildings, museums and archives.

Come and talk to the Heritage Lottery Fund and Selby District AVS about your heritage project ideas.

We will be at Community House in Selby on Saturday 6th December 2014 from 10am – 4pm*

If you would like some time to talk through your heritage project ideas, find out what funding might be available and discover how to get started, then book a 45 minute slot for the opportunity to discuss with HLF's Development Team and Selby District AVS.

Get in touch by phone (0113 388 8037) or email (y&hdevelopment@hlf.org.uk) and we can arrange a time for you to come and see us.

***Note from Clerk: Please double check the *timing* of this event as the date was changed after the initial notice.**
